Dear Mr. Lyder,

My name is Alan Chambers and I am the president of Exodus International. Our ministry is the founding organization of the worldwide network of ministries that now works together autonomously through the Exodus Global Alliance, a ministry where I serve as a board member.

I am writing today out of concern over a newspaper ad from December 11, 2011 titled, *What You Should Know About Homosexuality*, that referenced Exodus International and Exodus Global Alliance in a way that might lead someone to believe we placed the ad and/or agree with its content. I understand that the ad was placed by The Hospital Christian Fellowship. I have written to Dr. Judith Henry of that organization to ask her not to place such an ad with reference to Exodus International in the future.

My request of you and your paper would be that a retraction be printed stating that the ad in question was not placed by Exodus International or Exodus Global Alliance.

I appreciate your prompt attention in this matter and look forward to your immediate reply.

Sincerely,

A handwritten signature in black ink that reads 'Alan Chambers' in a cursive script.

Exodus International
